Screenshot: Validation is still active on the creating page.

The screenshot shows a web browser at localhost:3000/products. The page has a green header with 'The Pragmatic Bookshelf' logo and a dark green sidebar with links: Home, Questions, News, and Contact. The main content area is titled 'New Product'. A red error box at the top states: '1 error prohibited this product from being saved:'. Below this, a list shows 'Price is not a number'. The form fields are: Title (Web Engineering Ex10), Description (This is the Exercise 10 of Web Engineering class. s1240234 Yuta Nemoto), Image url (http://web-int.u-aizu.ac), and Price (empty). A 'Create Product' button and a 'Back' link are at the bottom.
