Screenshot: Creating new Product

The screenshot shows a web browser at `localhost:3000/products/new`. The page has a green header with 'The Pragmatic Bookshelf' logo and a dark green sidebar with links: Home, Questions, News, and Contact. The main content area is titled 'New Product' and contains a form with the following fields:

- Title:**
- Description:**
- Image url:**
- Price:**

At the bottom of the form are two buttons: 'Create Product' and 'Back'.

The screenshot shows the browser at `localhost:3000/products/1`. The page displays a confirmation message in a red-bordered box: 'Product was successfully created.' Below this, the product details are listed:

- Title:** Web Engineering Ex11
- Description:** This is the Exercise 11 Problem 1 of Web Engineering class. s1240234 Yuta Nemoto
- Image url:** <http://web-int.u-aizu.ac.jp/~vkluev/courses/webengineering/images/logo.jpg>

At the bottom left, there are links for 'Edit' and 'Back'.

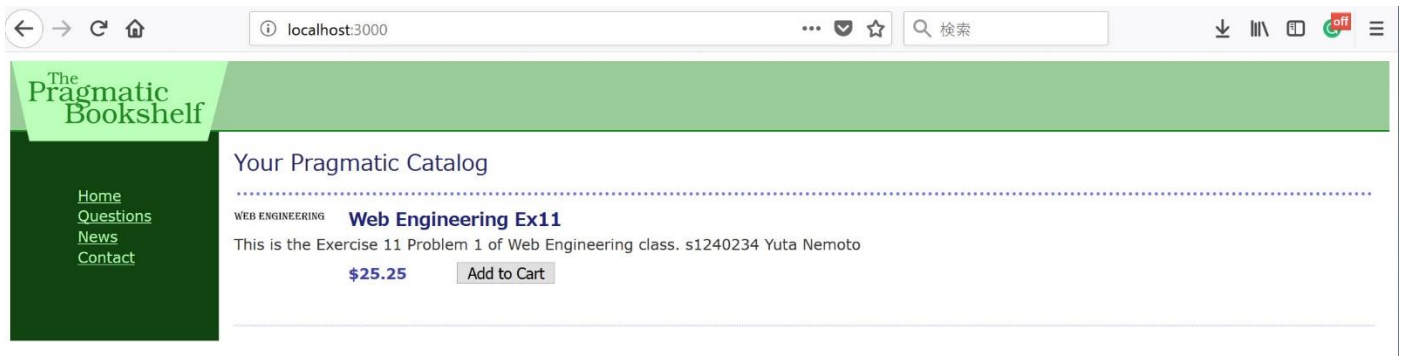

Screenshot: List of Products

The screenshot shows the browser at `localhost:3000/products`. The page has a green header and a dark green sidebar with links: Home, Questions, News, and Contact. The main content area is titled 'Products' and displays a list of products. The first product is highlighted in a pink box:

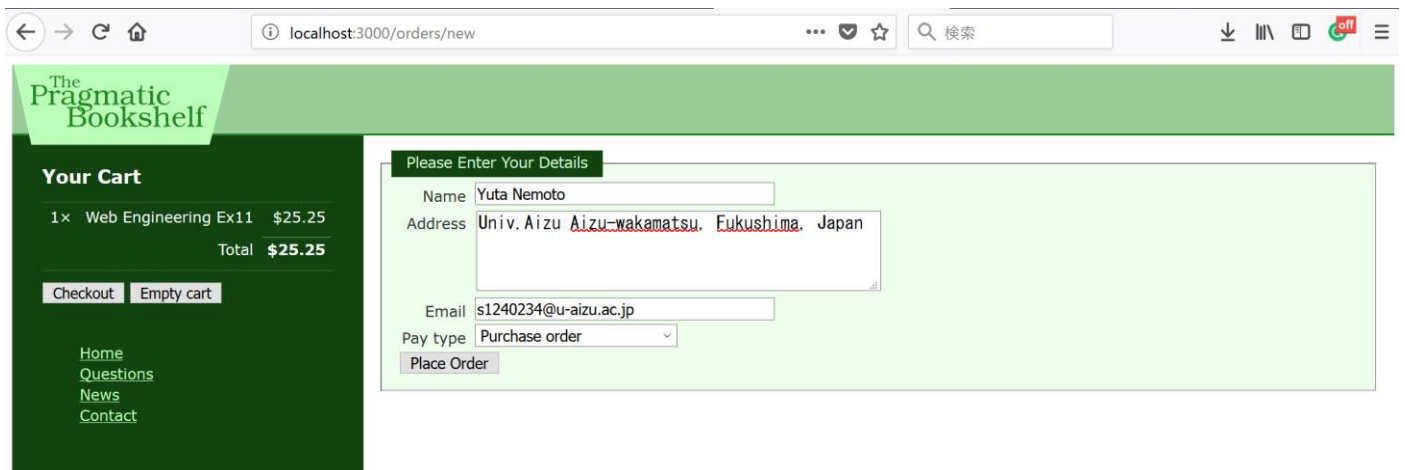

- Image:**
- Title:** Web Engineering Ex11
- Description:** This is the Exercise 11 Problem 1 of Web Engineering class. s1240234 Yuta Ne...
- Actions:** [Show](#), [Edit](#), [Destroy](#)

Below the product list is a link for 'New product'.

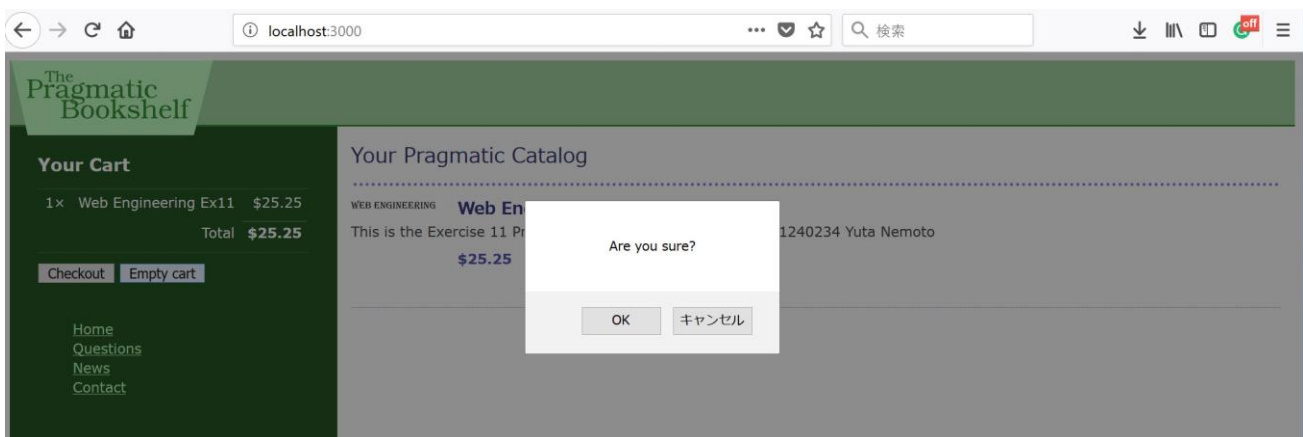

Screenshot: Catalog page – “Add to Cart” button is exactly approved.

I clicked on the “Add to Cart” button so the particular book is added to the cart on the left menu.

If I click the button “Empty cart”, it shows confirmation dialogue and empty the cart.

If I click the button “Checkout”, it asks to input details and proceed purchase.
